88834 Territorial Road, Elmira, OR 97437

Director of Maintenance and Facilities

Phone: (541) 935-2253

This is the official public notice in compliance with Oregon Health Authority's (OHA) Drinking Water Services (DWS) lead line survey. The domestic water system, PWS 91810 at Fern Ridge Middle School was found to contain no lead service lines and submitted to OHA on 9/9/24. The determination was made after extensive visual inspection that was compared to County records, building permits, blueprints and past documentation.
